No. 204

December 13, 2019

Maryland's Preferred Drug List - January 1, 2020

Generic vs. Brand Status on Maryland's Preferred Drug List

Maryland Medicaid's Preferred Drug List (PDL), encompassing over 1800 drugs, covers most of the generic versions of preferred_multisource brand drugs without any type of prior authorization. If the prescription for a brand name drug is to be dispensed as written, the prescriber must complete and submit a Medwatch form

(<https://mmcp.health.maryland.gov/pap/docs/Maryland%20Medwatch%20Form.pdf>). The State's clinical pharmacy team will review the Medwatch form and notify the prescriber whether the request for the brand name drug was approved or denied. The State will forward the Medwatch form to the FDA when appropriate.

The Office of Pharmacy Services (OPS), formulary known as the Maryland Medicaid Pharmacy Program wants to alert you to changes in the exceptions to this rule that are included in the attached updated Preferred Drug List, **effective January 1, 2020. As previously reported in Advisory 203, dated December 9, 2019, brand Lyrica® capsules are no longer preferred over its generic equivalent (pregabalin capsules).** Claims for pregabalin capsules will be handled in the same manner as claims for other multisource medications. Claims for brand Lyrica® capsules will adjudicate only if there is a prior authorization based on an approved Maryland Department of Health (MDH) Medwatch form (link above).

Please refer to our website for a complete list of the PDL at the following link:

<https://mmcp.health.maryland.gov/pap/pages/Preferred-Drug-List.aspx>

In an effort to give timely notice to the pharmacy community concerning important pharmacy topics, the Maryland Department of Health (**MDH**) **Office of Pharmacy Services (OPS)** has developed the **Maryland Medicaid Pharmacy Program Advisory**.

To expedite information timely to the pharmacy and prescriber communities, an email network has been established which incorporates the email lists of the Maryland Pharmacists Association, EPIC, CARE, Long Term Care Consultants, headquarters of all chain drugstores and prescriber associations and organizations.

It is our hope that the information is disseminated to all interested parties. If you have not received this email through any of the previously noted parties or via MDH, please contact the OPS representative at 410-767-1455.

Not All Generics are Preferred

In order for the State to enhance the benefit of the PDL, in some instances when manufacturer rebates are taken into consideration, the multisource brand name drug is Preferred over its generic equivalent because the branded drug is more cost effective to the State than its generic counterpart. When the brand name drug is Preferred, no Medwatch nor authorization is needed¹. Enter a **DAW code of 6** on the claim to have it correctly priced. If any problems are encountered during the on-line claim adjudication of Preferred Brands, contact Conduent’s 24-hour Help Desk at 800-932-3918 for additional system overrides related to the use of the correct DAW code (For example, when there is other insurance). Please maintain this Advisory as a reference in addition to any updates that follow.

The Brand Preferred exceptions are as follows:

Preferred BRAND	Non-Preferred GENERIC
Adderall XR Capsules	amphetamine salt combo ER capsules
Copaxone 20mg/ml (Subcutaneous)	glatiramer acetate (Glatopa) (subcutaneous)
Cellcept Oral Suspension	mycophenolate mofetil oral suspension
Focalin XR Capsules	dexmethylphenidate XR capsules
Gabitril Tablets	tiagabine tablets
Kitabis Pak	tobramycin pak
Prevacid Solutabs ODT	lansoprazole ODT
ProAir HFA Inhalation	albuterol HFA inhalation
Pulmicort 1mg/2ml Respules	budesonide inhalation 1mg/2ml suspension
Revatio Oral Suspension ²	sildenafil oral suspension ²
Sabril Powder Packet ²	vigabatrin powder packet ²
Sabril Tablets ²	vigabatrin tablets ²
Suboxone Film	buprenorphine/naloxone film
Tegretol Oral Suspension	carbamazepine oral suspension
Transderm-Scop Transdermal Patches ³	scopolamine transdermal patches ³

Generic vs. Brand Status of Non-PDL Medications

Preferred BRAND	Non-Preferred GENERIC
Norvir Tablets	ritonavir tablet

¹ Unless the Program has established clinical criteria for the drug. Clinical Criteria can be found by going to the below link: <https://mmcp.health.maryland.gov/pap/Pages/Clinical-Criteria.aspx>

² Is a non-preferred drug on the PDL and will require a prior authorization by the prescriber

³ Both brand and generic are preferred

**Office of Pharmacy Services
Medicaid Pharmacy Program
Preferred Drug List**

Effective Date: 1/1/2020

Only drugs that are part of the listed therapeutic categories are affected by the Medicaid Preferred Drug List (PDL). Therapeutic categories not listed here are not part of the PDL and will continue to be covered as they always have for Maryland Medicaid participants.

Note: Brand names listed in parentheses are only listed as a reference. For most multi-source products, the generic products are usually preferred and the branded innovator product is non-preferred. If a generic product is non-preferred, the corresponding brand product is also non-preferred except where specifically noted as “**(generic only)**”. PDL products that are new to market require prior authorization until they are reviewed. Changes in the Preferred Drug List are highlighted in **yellow**.

Analgesics

Drug Class	Preferred	Requires Prior Authorization
<p>Analgesics, Narcotics (Long Acting)</p> <p>All drugs in this class are subject to review through the Opioid Drug Utilization Review Program.</p>	<p>fentanyl patches (All strengths except 37.5mcg, 62.5 mcg, 87.5 mcg)^{cc,ql}</p> <p>morphine sulfate SR (MS Contin)^{ql}</p> <p>Embeda</p>	<p><i>buprenorphine patch (Butrans)^{ql}</i></p> <p><i>fentanyl 37.5 mcg, 62.5 mcg, 87.5 mcg patches^{cc,ql}</i></p> <p><i>hydromorphone ER (Exalgo)^{ql}</i></p> <p><i>methadone (Dolophine)^{ql}</i></p> <p><i>morphine sulfate ER (Avinza)^{ql}</i></p> <p><i>morphine sulfate ER (Kadian)^{ql}</i></p> <p><i>oxycodone ER (Oxycontin)^{ql}</i></p> <p><i>oxymorphone ER (Opana ER)^{ql}</i></p> <p><i>tramadol ER (Conzip, Ryzolt, Ultram ER)^{ql}</i></p> <p><i>Arymo ER</i></p> <p><i>Belbuca^{ql}</i></p> <p><i>Hysingla ER^{cc,ql}</i></p> <p><i>Morphabond ER</i></p> <p><i>Nucynta ER^{ql}</i></p> <p><i>Xtampza ER</i></p> <p><i>Zohydro ER^{cc,ql}</i></p>
